The Kindergarten Sports Day was held

on 13th January 2024. It was a vibrant and energetic celebration centered around the theme - Transport. The Sports Day aimed to ignite their curiosity about the diverse modes of transportation that shape our world.

There was a captivating display of different modes of transport by both UKG and LKG children. Different modes of transport, ranging from trains to cars, ships to rockets were exhibited. The KG Sports Day was a resounding success, combining physical activity with education in a fun and engaging manner.

KG Sports Day

KG Republic Day

The children prepared for the Republic Day celebrations by learning about the history of India's struggle for independence and the significance of the national holiday. They had practised songs, dances, and speeches and were eager to showcase their newfound knowledge and patriotism.

As the day begun, the kindergarten was adorned with tricolor decorations, and the children arrived dressed in traditional Indian attire, waving miniature flags and wearing badges of famous freedom fighters. The air was filled with excitement and anticipation as the festivities kicked off with the flag hoisting

The Aashirwad ceremony was organized by the school on the 3rd of February, 2024, The objective of the ceremony is to invoke blessings and support for the class 12 students appearing for their upcoming examinations. The ideology is based on "MATHA PITHA GURU DAIVAM". The day's proceedings commenced with the school prayer, followed by a puja to invoke the blessings of the Almighty for the success and wellbeing of the students. Students, teachers, and parents of class 12 had gathered in the auditorium, creating a harmonious environment filled with positive energy.

Following the prayer, the Principal Shri P.G. Subramanian addressed the gathering, encouraging the students to approach their examinations with confidence and determination. Students were then given the opportunity to offer their prayers individually. They were encouraged to express gratitude for the knowledge they have acquired throughout their academic journey, by praying at the feet of their first gurus – their parents and teachers. Each student received a memento, in addition to personalized words of encouragement, support, and blessings from their teachers and parents. This gesture aimed to boost the students' morale and remind them of the unwavering support they have from their educational mentors and family members. The collective prayers and blessings, and motivational messages served as a source of strength and encouragement for the students as they embarked on this important academic journey. The Aashirwad ceremony concluded on a note of optimism and unity, with the Vote of Thanks, delivered by the outgoing school pupil leaders, Shrey Vivek and Siddhi Dorepalli.

Class 10 had gone to the widely acclaimed Mahabalipuram to visit the various sights such as the well known temple of Mahabalipuram, known as the Shore Temple. The Krishna's Butter Ball amazed the student's minds due to the mysterious balance. It is a gigantic granite-boulder resting on a short incline. Mahabalipuram is known especially for its rathas (temples in the form of chariots), mandapas (cave sanctuaries). A lone lighthouse on a hill watches over a group of temples below. The monuments are part of the UNESCO World Heritage Site.

Video Editing Seminar

On the 6th of January, Premsunder Vasudevan and Dhanesh L Manni of Class 11 conducted a seminar on video editing to the students of class 8. They shared their knowledge on why editing can be a very useful skill and talked about the various softwares that can be used. They were well received by a curious, questioning and an inquisitive audience.

"The audience received the seminar better than we expected. Not only were they interactive during the session, but also gave suggestions and asked questions even after the seminar! It was indeed a fun experience for us too!" said Premsunder and Dhanesh.

Art Exhibition

The annual Art & Craft Exhibition 2023- 24 was held on 23rd and 24th of February 2024. Our Principal, Shri. P.G. Subramanian inaugurated the exhibition in the Yoga room. The room was as usual graced with art and craft works that were made with great efforts by the students of all classes. Each work was indeed a piece of art that made the onlookers stand and admire it, in awe. From pencil sketches to mental crafts, the exhibition was appreciated by the teachers and students who visited the hall during the day.

"Brushstrokes of Whimsy: A Cartooned Verse"

In worlds of ink and vibrant hue, Cartoons dance, their tales so true. From Mickey's laughter to SpongeBob's glee, They paint our lives with fantasy.

In every frame, stories unfold With characters brave and hearts of gold, In animated realms, we find delight, Where troubles vanish in the night.

With Bug Bunny's wit and Dora's quest, Each adventure puts our hearts to test. From childhood dreams to adult schemes. Cartoons inspire, like hopeful streams.

They teach us lessons, both big and small, Through laughter, tears, they enthrall. In every sketch, a masterpiece, Where imagination finds its peace.

So here's to cartoons, forever bright, Guiding us through the darkest night, In their world, we'll always find, Joy and wonder intertwined.

-Khuushi Bokdia 7B

On the seashore, Two friends fight, One consumed by anger, And the other engulfed by greed.

Above the vast sheets of cotton, Far, Far away from their endless battle, Lurks a malevolent entity, Laughing down at them.

The wicked eyes of the great evil, Looks down and controls them, As they fight, 'Till the end of time,

As the rain starts to pour down on them, They look at each other, with bloodshot eyes, And a murderous intent, As they were friends no more,

They again start to fight, This time with more vigour, And with wickedly sharp blades and large shields, As they started to turn into the things they swore to destroy

CARTOONING TALES

Cartoons are to educate kids, make them laugh and relish the overall experience. They never forget to put a smile on the kid's faces. The definition of a cartoon in simple words, is an animation that usually works with fictional characters. An exaggerated, abstract version of real life. A child's mind... The craziest, silliest and most childish events put together is a cartoon. They extend over several movies, tv shows and so many more to introduce us to a magical world of dumb and hilarious, but unforgettable characters. And through this article, we are going through cartoons, in and out.

Phase 1: The process

Hundreds of artists work together to create this amazing piece of art and thousand more editors and technicians bring it into motion. They get inspiration from somewhere, design the characters, sketch them, give them their colour and silhouette, add extra details, create the story, make the dialogues, create backgrounds, use Computer Generated Imagery (CGI) or the flipbook method to bring in motion, find a production company, name the cartoon, advertise it and release it. It is a long, LONG, process.

Phase 2: Art style

There are various art styles in which cartoons are spread across. From anime to chibi drawing to the Simpsons style, each one of them holds a special nostalgic feel to it. But the style has to be simple. Something, unforgettable. Something, like a 3-year-old kid can draw. Simple and basic shapes for faces, round eyes and nose, cartoon-y smile and oval ears are normally used.

Phase 3: Colours

Colours are used in cartoons to express deep emotions, situations, eras. Black, dark blue or red can be used for villains or antagonists. Bright colours like yellow represent the protagonist. Hue for a sad atmosphere, saturation for a pure atmosphere, brightness and darkness according to day and night, and many more are used in cartoons. Colours are also used to represent eras, like the 16th century or so, pastel colours are mostly used. The most important thing is that people should easily recognize it. By putting all the colours of the character in order, in a rectangle, people should be able to guess the accurate character. That is the key to cartooning.
