Two students of class 10, Dev Naveen and Aarush A Dhanujnath attended the 'THINQ QUIZ', a guiz competition conducted by the Indian Navy between 5th and 9th November 2024. The theme of Thing 2024 was 'Viksit Bharat' which represented the transformative facets of development such as environmental sustainability, economical prosperity etc. The grand finale was held at Nalanda Block at the Naval Academy, Ezhimala, Kerala. Dev and Aarush claimed the 2nd place, while a team from Jaipur emerged as the winner. The young quizzers enjoyed an all-expense paid to and fro trip and were given custom made clothing, all sponsored by the Indian Navy. The quizzers were also awarded with an iPad and laptop worth rupees 2 lakhs. This guiz has provided the young minds with a unique opportunity to experience the 'Way of life' in the Navy, instilling a sense of national pride and patriotism while testing their knowledge and intellect.

Emergency Preparedness in Schools

On 7th November 2024, Apollo Hospitals, through its not-for-profit initiative Apollo Shine, hosted a special event focused on "Emergency Preparedness in Schools." This initiative aims to enhance health and safety protocols across schools and colleges. The event emphasized the need to equip educational institutions to effectively manage emergencies and provide students with crucial health knowledge. A key highlight was the launch of the Apollo Shine Student Health Ambassador Program, designed to promote health awareness and foster emergency preparedness among students and their peers.

Reading Week - Rabindranath Tagore

As part of the Reading Week celebrations from the **7th of November 2024**, the students of classes 4 and 6 were engaged in a collage-based group activity that allowed them to understand Rabindranath Tagore's impact on literature and his legacy.

the over whe

true Gerre by

The students created visually appealing collages that depicted various aspects of Tagore's personal life, his contributions as a freedom fighter and his works—including the Gitanjali and Rabindra Sangeet. The collages also showcased Tagore's lesser-known interests in art, education and his deep philosophical views.

To conclude, the students gained a deeper understanding of Tagore's multifaceted legacy and presented it in a creative format that celebrated his profound impact on Indian literature, culture and history.

Master of Skates - Siddhu Vishakan

Siddhu Vishakan, a student of class 1 F, has been selected as one of the candidates from Tamil Nadu to represent India at the national level in professional guad skating (under the 5-7 category), organized by the Roller Skating Federation of India. He has showcased exceptional skating skills, earning several medals and accolades. His notable achievements include winning two silver medals in the 200m and 400m events at the 34th Tamilnadu State Meet, a silver medal in the 200m event at the Raipur Open National Meet and two bronze medals in the 200m and 400m events at the Pollachi Open National Meet. He also secured two gold medals in both the 200m and 400m events at the Speed Skating Federation of India, Chennai District Level and at the Tamil Nadu Chennai District meet. Furthermore, Siddhu won two gold medals in the 200m and 400m events at the Rover's Meet, which led to his selection to represent India at the Dubai event.

Chinmayan R.S of class 7 had the opportunity to present an idea of his, penned onto the "Young World" of The Hindu. This edition focuses and emphasizes on exploring ideas and opinions of young minds, thereby providing a chance of vast exposure. Chinmayan worked on the "Children's Day Special Edition". Chinmayan along with other children of his age from all over India, have written about possible days that could be celebrated internationally for various reasons. For instance, Chinmayan wrote about 'International Mystery Day'. He mentioned how the world is unpredictable and full of mysteries and that this day should be focused on solving and unravelling mysteries. Other articles are about 'International Chaos Day', 'World Insignificance Day', 'Time Travel Day', 'Time Day', 'A Day for the Past' and 'Sharing Day'. Such creativity inspires many, as it reflects the limitless potential of young thinkers shaping new perspectives for the future.

Our school celebrated its 46th Annual Day on **15th November 2024**. The event showcased the talents and achievements of the students and fostered a sense of community and pride amongst the participants. The most awaited part of the evening was the prize distribution ceremony. Students who had excelled in their fields were rewarded for their outstanding achievements. What followed next was the much awaited cultural extravaganza 'Parākramā', which was the highlight of the evening. The enthusiastic students showcased their talents in dance, music, drama and various other art forms. The dedication of all the participants made the celebration a grand success.

On **16 November 2024**, students from our school enthusiastically participated in Kola Matrix 2024, hosted by Kola Saraswati School. The event featured diverse competitions like project-making, quizzes, treasure hunts and Al presentations, providing a platform to showcase creativity, teamwork and technical skills. Notable events like "Crack and Conquer" and "The Al Frontier" highlighted their tech expertise, while activities like "Dancing Digits" encouraged innovation. In the challenging math quiz, featuring advanced topics like algebra, geometry, and calculus, students gave their best against tough competition. Although they didn't secure a win, the experience was enriching and enhancing. The event fostered holistic learning, leaving students inspired to refine their skills and excel in future competitions.

Every year, Children's Day is celebrated on the 14th November 2024, in memory of Pandit Jawaharlal Nehru. It was celebrated with great enthusiasm for our kindergarten students on **20th November 2024**. Teachers added a magical touch to the day by dressing up in colorful costumes, performing lively dances and putting on engaging skits for the little ones. The children were thrilled to see their mentors transform into entertainers, filling the atmosphere with laughter and joy. This special celebration highlighted the teachers' dedication to creating memorable moments for the young learners.

On the 23rd & 24th of November, Smt. Rajani Ashok and Abirami. C attended a learning program by KRUU in Pondicherry. The first day started with a theatre session in which the teachers engaged in activities, including interacting with each other. During the day's second session, the participants were asked to collaborate and find sustainable solutions through research and interviews with local vendors and tourists. During the third session, they were enlightened with the methodology of teaching and learning. Through this session, the participants realised that learning does not happen only through books, but through way of life. On the second day, the fourth session started with a presentation of the Heritage Walk Project. The teachers had to assess the challenges related to tourism and business. The fifth session highlighted the importance of a student-teacher relationship and the passion for teaching. Through this 2 day learning program, the teachers found a new perspective in teaching while enjoying the beauty of Pondicherry.

On 25th November 2024, the students of class 12 were taken on a field trip to Dakshina Chitra. The day started with an interview with a local weaver. After this interview, the students visited a gallery that displayed embroidery work on fabric like silk, cotton,etc. Next was an interactive session with a glassblower who specializes in scientific containers, instruments like beakers, and so on. After that they had a session with an artist who worked on Pattachitra, an art that originated from Orissa. The artist spoke about how this specific art was to worship Lord Jagannath. Finally, the students were allowed to explore Dakshina Chitra's exhibition of jewellery. decoration, souvenirs, etc. Overall, the trip helped the 12th graders understand their heritage better through fun-filled interactions.

The Social Science Department celebrated Indian Constitution Day on 26th November 2024 with engaging activities. Sudents of class 3 created scrapbooks on Dr. B.R. Ambedkar highlighting his contributions. Students of class 4 made collages on fundamental duties, showcasing civic responsibilities. Students of class 5 designed bookmarks with keywords from the preamble like justice, liberty and equality, reflecting democratic ideals. These activities foster an understanding of constitutional values, rights, and responsibilities among students while celebrating the principles that guide modern India.

World AIDS Day, observed annually on **1st December 2024**, aims to raise awareness about HIV/AIDS and demonstrates international solidarity in the fight against the epidemic. It's a day to remember those lost to the disease and to celebrate the progress made in prevention and treatment. This year's theme emphasizes the importance of community, solidarity, and equal access to care for everyone affected by HIV. World AIDS Day serves as a crucial reminder that the fight against HIV/AIDS continues.

Apollo SHINE in BRV

On Thursday, 5th December 2024, an orientation program on menstrual hygiene was organized by Apollo SHINE for girls from classes 5 to 11, to educate students about health and hygiene. The session featured an informative presentation by experts from Apollo, who explained the biological processes of menstruation in a simple and engaging way. They highlighted the importance of maintaining hygiene inorder to prevent infections and promote overall health. Practical advice was provided on the proper use and disposal of sanitary products, as well as, ways to manage menstrual pain and discomfort.

One of the program's highlights was its interactive approach, which encouraged students to ask questions and share their thoughts. Apollo's initiative was a commendable effort to educate and empower young girls, encouraging them to embrace a natural process with confidence and dignity.

Flag Day is celebrated on **7th December**, in India, to pay tribute to the soldiers, veterans and martyrs of the Armed Forces. It was first celebrated in 1949 and has been a marked day for the sacrifices towards nation sovereignty and security. It calls the public to contribute towards funding the armed forces and their dependents, which also makes a provision for the rehabilitation and care of people who are in need. The distribution of flags is included as part of the activity to be performed in order to appreciate the commitment and service of the armed forces. In 2024, the 75th Anniversary Day reminds citizens to support those who

The Rhapsody Imaginarium Summit for Educators, was held on **8th December 2024** at Dakshina Chitra. Our teachers, Ms. Siva Shanmuga Priya Ravi and Ms. Ganduri Viswaharini attended the workshop, which began with Anil Srinivasan's session on the connection between life and art, using *kolam* to demonstrate how it blends daily chores with creativity. In the second session, Vinita Sidhartha, founder of Kreeda, introduced traditional Indian games like *bambaram* and *pallankuzhi* through a video and hands-on activities. Preethi Vickram, founder of Tapas School, led the third session, explaining the 5 E's of learning (Engage, Explore, Explain, Elaborate, Evaluate) and introduced the concept of eight senses. She also discussed the role hormones in learning. Overall, the workshop offered valuable insights for integrating creative and holistic teaching methods into the classroom and provided an enriching learning experience.

On **16th December 2024**, classes 1 and 2 celebrated Karthigai Deepam at the TAG Auditorium with enthusiasm. The event began with a warm welcome speech, followed by an explanation of the festival's spiritual significance. Students performed a vibrant dance and a soulful bhajan session, creating a festive and serene atmosphere. The highlight was the mass lighting of diyas, where students illuminated the premises with a beautiful glow. The event concluded with a

National Mathematics Day

National Mathematics Day was celebrated passionately by the students of classes 1 to 8 at the Tag Auditorium on the **19th of December 2024** as a remembrance of the great mathematician, Srinivasa Ramanujan's Birthday.

The program commenced with our beloved Principal Shri P.G. Subramanian emphasizing the importance of Maths in our life. The program included stories on various mathematical topics, delightful dances, lively skits, vibrant songs and aesthetic projects.

In conclusion, the program highlighted the importance of Mathematics in everyday life and left a remarkable impact on the students.

On 21st December 2024, the celebration of Christmas was brought to life among the smiling students of kindergarten. The school came alive with festive decorations and twinkling lights. Christmas carols were sung enthusiastically. This heartwarming experience was elevated by a visit from our very own Santa Claus! Through these experiences, the children learn about the values of kindness, sharing and togetherness, making the season truly magical.

And yet an day forquently concredual with remember of technical shift the results of technical shifts theregisted functions is been servereasized in technical to be necessaries as well to the h us potent facts, about while as it is supportivible to be owing to this coreless accessed.

The school organized an exciting two-day trip to Yelagiri, for class 12 students on **21st & 22nd of December**. A serene hill station known for its lush greenery and tranquil environment. The journey was as much about bonding and learning as it was about exploring nature. Departed from school early in the morning, filled with enthusiasm and a spirit of adventure, Yelagiri proved to be the perfect destination for the much-anticipated two-day school trip.

The scenic drive through winding roads and picturesque landscapes set the tone for the trip. The first destination was the enchanting Punganoor Lake which is the most famous artificial lakes in Tamil Nadu. The Mughal Garden found right next to the lake was an ideal place to relax and enjoy the beauty of nature. The day ended on a high note with a lively campfire session. Students enjoyed singing and dancing, creating an unforgettable evening under the stars.

The second day began with an invigorating nature walk. The group visited a nearby bird sanctuary, which was one of the highlights of the trip. The return journey was filled with laughter and reflections on the everlasting experiences of the trip. This excursion to Yelagiri was not just a getaway but a perfect blend of fun, learning and camaraderie.

Thiruppavai in BRV

The Margazhi season is a special time of year in Chennai and across Tamil Nadu, celebrated in the Tamil month of Margazhi (which typically falls between mid-December and mid-January). This period is steeped in cultural significance and is a time of deep reverence, artistic expression, and community celebration. Singing Thiruppavai during Margazhi is a cherished tradition in Tamil Nadu. It is a month that is considered the holiest month in the Tamil calendar, and Thiruppavai, a collection of 30 devotional songs or Pasurams written by Andal, is sung to invoke the grace of Lord Vishnu, particularly during this month. Keeping up the tradition, one Pasuram is sung every day in the
